Make a t-shirt from a folded one-dollar bill! Just follow the instructions below.

- ① Place bill face up. Crease bill horizontally.
- ② Fold in top and bottom to meet center crease.
- ③ At the right edge fold the white tips under.

- ④ Fold two corners to centerline to form the collar of the shirt.
- ⑤ Fold opposite end, dividing the bill into thirds.
- ⑥ Tuck the end under the collar.

- ⑦ Unfold bill. At the one third crease mark, make a squash to create a shirt sleeve.
- ⑧ Repeat on other side to make a second shirt sleeve.
- ⑨ Tuck the end back into the collar. You look like a million bucks!
